“ Dear Family,

Sending our deepest sympathy on the loss of your dear mom. We will miss your mom greatly. She was a great lady, nice neighbor and we shared many a story and fun times over the years with her and your dad also. I'll remember all the garden walks we made, she knew the name of every flower and perennial in her lovely garden. Barb was a wonderful singer in our parish choirs and I'll miss her little spark of fun and laughter during our practices. Our love and prayers are with your family during this very difficult time.

“ Karl, Mark, Jacquie and Bob:
Sorry to hear of the passing of your mother. Will always remember the many grandparent day events we attended. Especially the one when Austin who was in kindergarten or first grade introduced us as brick grandma (she lived in the brick house) and brown grandma (lived in brown house). Those grandparent day events were very special. Our thoughts and prayers are with your family at this very sad time.

“ Dear family,

I am so saddened by your loss and mine. Barb was my friend and Curves buddy and we had lots of laughs and special talks. I admired her fortitude and up-spirit and she was always ready to go do something fun.

I do remember when she was at Alden and when I asked what I could do, she wanted me to bring Nair - so, forget that- I grabbed the electric razor (not mine!) and we shaved her legs over paper towels in the bed with her roommates and family peeking around the curtain in amazement. It was hilarious and we agreed that only a very good friend would get this job done or allow it to be done. It was really funny and we had a lot of giggling going on.

The world seems a bit dimmer without that little spark going.

I will miss her and remember her fondly.

May your memories comfort you and help you heal.

“ For Karl, Jacque, Mark and Robert - your parents touched so many lives. We shared Guatemala and the people with your dad, Barb as the Master Gardener and exquisite pianist. She and Dorothy M made wonderful music times together but the most memorable for me was when she was at our home and played the Moonlight Sonata - which was only equaled by Andre Watts in interpretation. I can still hear it. And Don enjoyed sharing the fun of being a fellow displaced "Husker". God's Peace, Don and Laurie Schuemann
