“ Life is such a blessing each and every day! I had the pleasure of being a great part of Dans life while I was growing up. We used to go to his house for fun get togethers and he used to come to ours as well. It was so fun to hear his stories, his one of a kind laugh, and see how talented he was with fixing cars. He was like a Father to me and I treasure the many memories I have spending with him and his family. He was loved very much by me and my family. RIP Mr Herman!! Thank you for the fun times!

“ Dan you were like brother to me. I will miss those later hour phone calls of yours and you always hiding behind the answering machine before you picked up. Never forget how you broke your leg not from jumping from the airplane but falling off it. I am so happy we got to spend a few weeks at my home in Wisconsin we had some good memories. I will miss you my brother. "DE OPPRESSO LIBER"

“Dan was a fellow veteran, golfing buddy, dear and loyal friend and neighbor. We spent a lot of time together and our kids referred to him always as "Uncle Dan". In good times and bad, he was always the first to come through our door to help out in any way he could. We loved his daughter as if she was our own and he loved our kids the same. I send my sincerere sympathy to Monica, her children and grandchildren, and his siblings, Jim, and Mary Kay. The day my mother died, he came to the house and spent the entire day with me, consoling me, reminiscing, even taking me over to get the plane tickets. We enjoyed a special day at Holly's wedding. The last time we got together, he, Mary Kay and I enjoyed drinks, a football game and a Mooseheart reunion. He was a highly decorated Green Beret, someone I was so proud to know, love and call my Mooseheart brother. Rest in Peace, brother Dan! Respectfully submitted, Ray Boulay and family.

“ I sincerely want to express my condolences to Dan's family. I knew Danny all my life from Mooseheart and through are lives. We only saw each other at homecoming time, but always had a great visit. He loved to debate me on politics, which we both loved to talk about. Are view were different, but we both loved our country with all are heart. Dan wore his love of country on his shoulder and I will always be thankful that I had the opportunity to know him and to call him a friend. Rest in Peace my friend, you are now with your fellow soldiers who like you made us proud to be Americans!! God Bless!!

Once the warrior is no longer needed- once he becomes a relic of war- when it seems peace will prevail, he is mocked for being a savage, mocked for being a monster. But when America needed her Warriors to stand between her and doom, she called on her monsters to do what others would not. I say to you, you reading this, the night is still cold, the danger still persists, and we who are your savages will again visit violence on those who would dare to cause harm to our
