“ I will never forget Dino's laugh, his energy, or his heart. He opened it up to anyone he felt deserving, and I am fortunate enough to have been one of those people. I considered him to be a life long friend. I will forever miss him.

There are no words to express my sympathy. I sent the ray of sunshine below, because that is what he was. I feel the world will be a little darker now that he is not in it.

Allow yourselves to grieve, but please remember that he would want you to shine that light again (when you are ready), in his way in addition to your own. Laugh for him, dance with him and with each other...live life to the fullest, because I have absolutely no doubt in my mind and heart that this is what he would want. He loved you all so very very much.

Rest in peace, my dear dear friend.

“ *I always enjoyed Dino's energy. He was always upbeat. He once got mad at me because the tires on my car were bad. He demanded I go get them changed. I told him I needed to wait until I got paid. He took his credit card out of his wallet and said get them now. He had a big heart. My true sympathy goes out to his family. Both Biological Family as well as his Zepole Family. He was passionate about his job. I am in shock someone so full of life. Taken way too soon.*
