“ *I worked with Doug for the past 10 years. From day one, it was obvious that he was really good at his job. But what was far more important is that he was a genuinely great guy. He always talked with such fondness about the time he spent with family and friends. He always thought of others before he thought of himself. We're all going to miss him a lot!*

“ My heart breaks for the Bock family during this difficult time. I only met Doug a few times since I live in another state, but I know he was an amazing man and specifically father since one of my best friends Noelle married his son Mike. When you meet any of Doug's kids you know they were raised by amazing parents. When I met Mike and his family we automatically clicked they are wonder people who really care about the people in their life and reflect how important family is to them. They are so open and friendly from the start. The last time I saw Doug he was sitting at Noey's Baby shower, just so they could be helpful if needed and of course so Mike didn't have to drink alone.

My friend married and amazing man with an amazing family. Mike loves and cares for her and their new baby Logan and as an added bonus for me her friend. He called me to make sure my mom was ok after surgery he keeps in touch and checks in with me. That is because of how he was raised, his father was warm and caring individual and showed his emotions and how he loved his family and you can see that reflected in the type of man Mike is. I am only sorry I can't be there in person to pay my respects to Doug. If every man was raised by a father like Doug the world would be a better place. His memory will carry on through his kids and grandkids and what great people they are because they were raised by Doug and Marsha. Marsha, Mike, Dave, Kate and Sarah I am so sorry for your loss and you are in my thoughts and prayers everyday. I know that there is nothing anyone can say to make you feel better so just know we are all here if you need us.

Much love,

“ I am sorry to hear about Doug leaving us. I didn't get to know him like the rest of you because of the miles between us. But the times that I did get to visit with him, I will remember. When my son Jake was in the Navy and stationed near Chicago, Doug and Marsha were there for him and were loving and caring. My heart goes out to all the family. Please know that I am thinking of you all.

“ I am very saddened to hear that Doug has past away. He will be truly missed and has left us too soon. Doug was a very compassionate and giving human being. I will forever hold him dear to my heart. When I was growing up my brother and I would spend the summer at Doug's parents house. Aunt Virginia and Uncle Buck. I have many fond memories of how Doug was so good to me and Mike and he would make us laugh! He was a big teddy bear always, and looked out for us! Doug was the type person who would put everyone elses needs first , before his own. He was a loving, caring, and gentle soul. I will miss you Doug. My love goes out to Marsha and her children and please know that I am thinking of you and my prayers are with you. Kristin Osman Daleiden

“ *I will always think of my cousin Doug as a kind, friendly, sincere guy who loved his family, cared about his friends, and who had a marvelous sense of humor. We always think there's "more time," that we can call soon and get together later. I am profoundly affected by Doug's passing. Your gentle presence, Doug, will be greatly missed. Sending prayers and sympathy to family and friends. With Love, Jackie Turner*

“*Doug Bock was not just a cousin to me. He was one of my best friends. I always admired him for all that he was and for who all that he tried to be. He was absolutely one of the most sincere people I have ever known and was a profound influence in my life. Not only was he a great friend and family member, but he was also a great mentor and a second father to me. When I was stationed in Great Lakes Naval Base, he and his family welcomed me with open arms and made me feel like I was one of their own. I am going to greatly miss our conversations over the phone and while on the lake, fishing together in Lake Minocqua. He taught me a lot about life, the importance of family, and the value of being an honest man. Those family trips up to Wisconsin are some the greatest memories and times in my life. It is a tradition he started with his family years ago and I always very much appreciated him bringing me along with them. I hope that it is a tradition we will always continue to have. Lake Minocqua is a special place where Doug shared the joy of life with those he loved most. I will always remember and think of Lake Minocqua as Camp Douglas. A place that he valued, and a place where he showed all of us the greatness of friends, the joy of family, and the merit of the outdoors.*

“*When I think of Doug, I have fond memories of his humor, smile and devotion to his family. I know he was so proud of his children and often shared that when I called to chat with Marsha and Doug. Prayers are with you all.*

“*Doug was one of a kind and I've been fortunate to know him for close to 30 years. He always made me laugh and had such a huge heart. It saddens me that his huge heart wasn't big enough on Friday. God Bless you, Douger. You'll be missed. Love you.*

*Doug was more of a little brother to me than a nephew. He was deeply loved by LaRee and I , our seven children and our grandchildren. He was a very compassionate and caring man who always thought of those around him more than himself. He will leave a large void in our whole family and he left too soon. God Bless and love Marsha and his children and grandchildren.
