“*Golda, I sit here today thinking of you as I often do. Thinking of all the years gone by with so many memories. So many good memories of all the good times we had, all the late night phone calls, the holidays, the laughing till we peed our pants times. I think of the days when our girls were little and as they grew into teenagers. I think of all the fun we shared as well as all the things we went through together, good times, bad times, painful times and some hurtful times. I know you hated that curse as much as I did, but I guess it was just stronger than you. I pray you took it with you. I know you can rest in peace knowing all four of your children grew into wonderful adults. It wasn't always easy for you, but I know in my heart you loved those kids with all your heart. I just want you to know I've always loved you, and I will always love your kids. Go my sister and be with your true love VM. Gone but never forgotten. Love Gail*
