“ *WOW, What a surprise. Joanie was my secretary in the Metallurgical Laboratory at Caterpillar for about six years. Without her bubbly disposition, those would have been a much tougher six years.*

Every job she took on.....she did it with determination and pleasantness. She was a real trouper. Her shorthand was amazing. When the PC's took over and managers were forced to do their own typing, Joan got completely engrossed in the efficient operation of the chemical baths on the shop floor. She made many people around her laugh so many times. Her wit was quick.

She also kept one ear plugged into the gossip channel.... and knew lots of things, before I ever did. I loved her attitude.

“ Oh Joannie, I can't believe you are gone. We've been friends since the early 1970's. For a couple off years every lunch time we got in the car, rushed to McDonallds, pulled into the drive thru and ordered our hamburger, fries and coke and ate in the car on the way back to CAT. we didn't miss a day and we were never late. We had such a good time on our trip to Nashville where we met Earl T Jones who showed us Dolly Parton's private phone number in his address book (yeah right!). Your house was always open for any number of CAT people looking for a place to hang. I wish for you the peace that you deserve. Love Diana
