“ *I would like to send my condolences and prayers to John's family. John will always be a great guy. I remember running into him at calls when I was with the police department. I would see him at gatherings off duty and he would tell me stories about when my dad was a firefighter in Aurora. When I went to work for a smaller fire department, he in a joking manner would always call me feisty and then chuckle. John was also a great cook. Rest in peace John, you will be always remembered.*

*My sympathies,

“ I met John in high school through his friend Bob Spraitz. WE continued to hang out together all through our high schools years. Those were great times.
I remember one day John, Bob and I cut school to go see Joh's older brother's new GTO that just arrived at the dealership in Naperville. It was an awesome muscle car. Of course we got caught and had to return to school and face detention. GTO convertible was worth it.
