I played with and competed against Jack at Butler National many times and he was a great guy taken from us far too soon. There are not enough Jack's in the world and I wonder why God takes one as good as Jack. He must have needed a partner for his next golf event and he knew Jack was a winner. My heart is with your family and I will keep you in my prayers.

“ Jack, you were such a great friend. I will always remember the times we shared. You lit up the room whenever you walked in. You used to text me the night before work and tell me you would give me a ride. There you were with a smile on your face when you picked me up. We would talk about family, friends, work, and life. You had the uncanny ability to make a bad day the best day, and made me and everyone around you so important.

I think the saddest day of my professional career was when I could not sit with you anymore. Sitting right next to you for those years at Guggenheim is still the highlight of my career. That is how much of a positive impression you make in peoples' lives. To this day, and forever, I will always remember how great it was to be a part of your life. You had such a great family and collection of friends, it is such a great tribute to how great of a human being you were. You made so many people smile. Your generosity and kindness know no bounds.

Rest in Peace my friend. I will so miss you! You will always have a special place in my heart. God bless Paula, Samantha, Nicole and the entire Salerno family.

“ Not in a million years would we ever think that GOD would call your name that morning.

It literally broke ALL OUR HEARTS to lose you and know that the day GOD called you home you did not go alone. A huge part of each of us went with you my brother.

You have left us peaceful memories, your love is still our guide and though we cannot see you , know that you will always be at our side

JACK,

You never said goodbye to us. You were gone before we knew it and only GOD truly knows why. If love alone could have saved you from GOD calling you home you never would have been called in this lifetime and the next. But now we know GOD needed his most important angel.

In life we loved you dearly, in death we love you still. In our hearts you hold a place that no one could ever fill.

If someone had to describe you ,so many words come to mind and here are only 1% of those words

Beauty and grace, a heart so kind.

You radiate warmth like a blazing fire. You are courage and wisdom. You truly inspire.

You attract like a powerful magnet. You sparkle and shine like the most beautiful diamond ring ever made.

You light up a room when you walk in. If someone feels sad you can make them smile.

You are elegant and charming. You know right from wrong. You are the melody from a beautiful country love song.

You are a breath of fresh air on a hot summer's night. When there is darkness you are the light.

We will never say goodbye to you my friend my brother

I believe miracles really do come true. No one deserves one more than you.

Please know how many lives and souls you touch. Jack, These words are my present. You are loved so much. You will NEVER be gone from our hearts and souls because you have touched them

all!!! TILL WE MEET AGAIN BUBBA !!!

“ I am a former Butler member for 30 years. I knew Jack enough to know he was a fun loving person. I also played against him a couple of times which showed me he was a true competitor and a good guy, on, as well as off the course.

My condolences to his family as they have suffered a great loss in his very early life. Jack will be remembered as I have since resigning from Butler 10 years ago.
