“ *I met Judy in 1971. We worked together and shared great moments. We have kind of lost touch after I got married and she settled with Wally. I can tell you this, she knew how to keep secrets. She did reveal this secret to me. She confessed that she had been married when she was very young and that she had had two children. She said she left them to their father and gave up any custody on them because she knew she would not be a good mother to them and cared for them to much put them through that. I pray that you can understand this. It is not easy but I know in my heart she would have been a great mother in later years, it just when the kids came she could not handle it. I will miss Judy being in this world and one day I will see her and Wally again.*
