Karen was my sister whom I was very close too being she was only a year older and we shared so many good times together. She Will be missed immensely as we usually had many long conversations every day and mostly always laughing from her humorous personality. You will continually be with me in spirit forever. to me

Thinking about you today, Karen Espinosa, as the family bids farewell to you up there in Chicago. I remember the first time I met you at my Grandma's house in Kansas City. You were very funny and you made me laugh and then you pulled out some oil pastels and a sketchbook and showed me how to create oil pastel paintings. You quickly painted a landscape. I wonder did that have any effect on me? (Just kidding) I also remember she would tease me about The Beatles. I loved them and she would act like she didn't. Years later she told me she always thought they were amazing and she loved them too. In more recent times we would joke back and forth on Facebook or on the phone And she would always compliment my photographs of landscapes and sunrises. They had a very special spiritual meaning for her. We were all blessed to know her. Farewell aunt Karen, Your work here is done. We will huddle around your children and take care of them as best we can. Now you're reunited with my uncle Albert in heaven. Much love to you and please look down and see how we are doing, once in a while. ❤️🙏

“ Karen was a very caring person. She loved all her family and that included all of the Espinosa family. She was a good friend to me and my sisters Marie and Lari. One of my fondest memories is of us all meeting in in New Mexico where she, and my brother Al, would take us to see all of the sites. It was wonderful to be together. I will miss her but I will always have her in my heart and my memories. Prayers for you, Karen Espinosa,
