“ What yet "another" GREAT LOSS in our lives!! Linda has always been a wonderful, loving, caring, and more full of life than anyone could ever explain! Our other friends and family members that have passed away now get Linda back. It's so easy for us to want to be selfish and keep all that we love! I'm so sad she's gone, but happy that she's in a better place with other wonderful people we've lost and loved!
My heart goes out to "all" of Linda's family and other friends!

I'm pretty sure I met Linda within the first week I started here at the lab. That was 25 years ago and liked her from the start. I always enjoyed talking fishing with her. I'm fortunate to have had the opportunity to know her. She will be missed.
