“ I think of Mom with love today but that is nothing new
I think of Mom yesterday and the days before that too

I think of Mom in silence and I often speak her name
All I have are memories and her pictures in a frame

God has her in His keeping I have her in my heart.

I know Mom is with Dad and that gives me great comfort.
I have missed Dad for years and years now, and still I think of him today, yesterday and the days before that too
I love my family and thank my parents for all their love, strength and support, which I still feel today.
