He loved you both. You mom was not mentally intact. He gave up because of her hate. He tried but felt she would turn you both against him. Also he had some doubts about his son whom he loved and would never hurt intentionally. Was he his son? Or another man's. Daughter looked just like him. He tried when you both came to the pool hall. You Michelle just ignored him. Some blame goes to him, your mother and you.

Andy follow up on your heritage. Dad felt he knew who might be your dad if he was not. You are in late forties or better now and I want to tell Marty in heaven that you are his son. For medical reasons alone you need to know. Please let me know if you decide to check on this. Speak to your mom too. Andy this info is not meant to hurt you but to free you and your dad. I cannot quote you any names at this time but can do so if you follow up.
Thanks Denise
