“ How do you sum up a friendship that has spanned over 51 years? It is almost an impossible task to undertake. We met in 9th grade, September, 1971. She was the new girl from Florida. We became friends almost instantly. A friendship that I have and will always cherish.

She had a zest for life. Loved to laugh, make you laugh, cook and bake. You always knew if she made it it was going to be good.

Pasta salad, pineapple upside down cake, Mounds bar cake (one of her favorites) and cashew/peanut brittle (loved by many) to name a few. She loved children, crafts (making or buying), M & M's (especially green ones), frogs, dogs, crocheting pot holders (loved by many), Precious Moments, Starbucks, Mary's Angels, camping, gardening, sitting on the porch and so so much more.

Mary had an awesome personality that was all her own. I would have to write a book to write about all my favorite memories of Mary but here are a few. Our trip to Mackinaw Island, MI via her orange slug bug, camping with my husband and children, our trip to the Precious Moments Chapel, our 2 plus hour phone conversations (especially when traveling). And to touch on her sense of humor side, here is a funny story. So last Christmas she wanted to complete my Mary's Angel's ornament collection she started for me over 30 years ago. I was missing three ornaments. She told me she was going to send me \$150.00 to get the remaining three ornaments. I told her I was going to be mad if she sent me \$150.00 so she sent me \$149.99. I busted out laughing when I opened up the card. But, I got her back because I sent her the money back in a Starbuck's gift card.

Mary was a true friend that was there through every aspect of my life and my entire families lives. I could always count on her no matter what big or small. I hope and pray I was as good of a friend to her as she was to me. I will forever miss you my dear friend!
