“ Just found out about Patti's passing . Such a shock to us and obviously to the family. We are so sorry , she was always fun to be with , (but all the Gilberts are that way). We apologize for not making it to the wake , seeing your family would have been very nice even under these sad circumstances. Patti will be forever missed, that happy face at Aurora's Friday Nights concerts has loss a bit of it's charm knowing Patti won't be there to share a few laughs with. We will keep all of the family in our thoughts and prayers, and our sorrow will be there with yours. All Our Love, J.P. & Rose Nardone

“ The thing i will remember the most about Patti was that whenever I saw her she made me smile, she would brighten up the room with that big smile of hers. She made people around her feel good, I just hope she is at peace now and that I will miss her and that the living world was a better place with her in it.

“ Working with Patti was such a memorable part of my life. She was always so goofy and knew how to have fun. There are so many memories I have of her dancing around to music while she worked. But I will hands down say that every time I hear the song, Centerfield by John Fogerty, I always think of Patti cranking up the music as high as it would go and busting out every dance move with so much happiness and excitement you couldn't help but want to dance along. I will always think of Patti when I hear that song. I love you Patti and it was a blessing to have known you. My heart goes out to Bob, Ellen, little Patti and all the rest of Patti's loved ones.

“ I remember Patty as a kind and generous friend, who never failed to make me laugh. Had such great times at "Shirley's Drive-in", just passing time with friends and french fries. Heaven is celebrating your coming home, Patty. Our loss, their gain. God Bless you!
