“ I’m so sorry for your loss. Since i was 5 years old my dad took me to Booths bait shop. i continued going until the closing. i brought friends and family along with me when i would go in for my dozen night crawlers and dozen fat heads just so they could have the opportunity to meet Mr. Booth. Fishing has a been a passion of mine since i was little and if it weren’t for the tips and baits that i acquired from Mr. Booth I wouldn’t be the angler that i am today. I’ll now know that the zebco 33 that i bought in the garage of the bait store back in 2006 will hold memeories and conversations that I will never forget. I’m deeply sorry for your loss. My condolences
