“ *I was fortunate to have Mr. Padilla as a teacher and a defensive football coach, along with coach Wolf and coach Stewart. Bobby was a "General on the battle field". He taught me a lot about confidence and charisma when leading and teaching that I was able to use in my military career. Rest in peace sir.*

“ *So sad to learn of the passing of my cousin, Bobby. Always a lovable character and good for a laugh in a household full of laughter, led by aunt Julie. My condolences to all the family. Bernie Perez*

“ *As a childhood friend of Bob, I pray for his soul and eternal peace in the arms of his savior. We had many laughs and good times, on the hill.*

“*Mr. Padilla was thoughtful, passionate, and invested in our growth and students and people. I always loved civics and history with him, and still treasure the time when we were rehearsing the musical GUYS AND DOLLS and Mr. Padilla was brought in to teach us play the game Craps, which was part of a major scene in the show. He wore a fedora for the occasion, and coached us up. His work as an educator really mattered. Rest in Peace, Bob.*

“*Mr. Padilla was one of my HS history teachers. He was kind and knowledgeable. We are a product of the people who touch our lives, especially at such an impressionable age. May God continue to bless your family and may Mr. Padilla rest in peace. You are in my prayers.*

“ Bob Padilla was a teacher and coach at Aurora Central Catholic High School. He worked as the defensive coordinator and defensive specialist. It was Bob's job to devise and limit the offensive output of the football teams on ACC's schedule. Coach Padilla did a remarkable job in allowing ACC's team defense to become an effective measure against some very good football squads. In addition to being a very good coach and teacher, Coach Padilla was also an excellent disciplinarian. His drill work was above board with excellent technique teaching. Any youngster who played at the linebacker position at ACC was incredibly coached in the fundamentals of taking on lead blockers with either shoulder and getting your nose on the football. Bob Padilla did a wonderful job with those kids! Bob was also a dear friend. He was quite a storyteller. The Curry family will miss his humor and goodwill. He coached my three sons. They loved him! A job well done Bob. May you rest in peace.

Coach Padilla was a mentor and motivator. His hard barks and well given praise for a job well done were second to none. A motivator and a praiser. The best best coach I've ever had. He cared about the individual and team!!
