“ Uncle Tim there are so many great memories. One of my first memories, so many years ago was when you gave me a ride on your motorcycle. That was my first and only ride on a motorcycle I ever had. Another great memory was a vacation to Wisconsin when I was able to spend time with you, Matt and Andrea. You truly had a sense of humor, great work ethic and was willing to give me encouragement when I was going through a rough time. Thank you for being a great uncle you are missed and loved.

“ Dad ...It still doesn't seem real. I read your obituary almost daily and it continues to bring tears to my eyes. I've recently met a few of your friends and neighbors, boy were you loved! No matter who I talk to, everyone knows Tim as the funny, good times guy.

I miss your weekly "U Ok?" texts, and your short phone calls...you will be so missed. Gavin reminds me that you're watching over us now, and also that you were silly just like him. You'll always be my Poppa Bear, and I thank you for the memories you created with me. You didn't live an easy life, but it was full.

Every Budweiser is toasted to you, and I'll be cheering on the Cubs, Bears, and Hawks in your honor! I'm so proud to be your daughter, and I'll always be your little girl. You can rest easy now, your worries are no more. I love you Papa Bear!

*Tim,
I have so many memories of the time we had spent together. Our talks included the best and worst of times in each others lives. You were always a good friend although the miles had separated us. I will truly miss you my friend.*

“ Uncle Tim you will be greatly missed! I will never forget the days of growing up and you letting us do virtually anything we wanted (dough fights in the basement, video games until 4am, building bike ramps in your driveway, only to name a few). I will never forget the memories and time spent together when you and I went to bulls games. I will remember you for your unconditional love to your family, unbelievable work ethic, endless personality, and overall just a great uncle! Rest easy and look over all of us!
Love Kyle
