“ *I will miss her smiles & laughter.  
I originally just knew her as a voice on the  
phone, but eventually met face to face a few  
times back in the 90's.  
She is the person convinced me to give her  
workplace a try, and I'm still there to this day.  
We worked together for years & I got to know her even better during  
that time.  
She was always thoughtful & ready to help out where needed.  
She will be missed.*

“ *Vera and her family including her Dad and Mom were our best  
friends for many many years. Vera and I spent a lot of time together,  
roomed together in Quincy where we went to college, we went to  
high school and grade school together. Did alot of crazy things! I will  
truly miss her, my heart has a hole in it. Love to all! Isabelle Goveia.*
